Hyperfine, Inc. Reports First Quarter 2026 Financial Results

May 12, 2026

GUILFORD, Conn.--(BUSINESS WIRE)--May 12, 2026-- Hyperfine, Inc. (Nasdaq: HYPR), the groundbreaking health technology company that has redefined brain imaging with the first FDA-cleared AI-powered portable magnetic resonance (MR) brain imaging system—the Swoop® system—today announced first quarter 2026 financial results and provided a business update.

"Our execution in Q1 was strong. We delivered our second-highest revenue quarter to date with over 80% year-over-year revenue growth, driven by our accelerating commercial engine. We believe the international regulatory clearances we secured, the clinical data we released to the neurology and stroke communities, and the continued momentum in our office and hospital businesses all indicate portable brain MRI is becoming mainstream, and we are leading the charge," said Maria Sainz, Chief Executive Officer and President of Hyperfine, Inc.

Recent Achievements and Business Highlights

- Obtained CE Marking and UK Conformity Assessment (UKCA) approval for both the next-generation Swoop® system and the latest Optive AI™ software in Europe.
- Enrolled first patient in Contrast PMR, a study designed to support a future FDA 510(k) submission to expand the Swoop® system's intended use to include gadolinium-based contrast agents; enrollment currently is over 50% of target.
- Presented NEURO-PMR results at the 2026 American Society of Neuroimaging showing high diagnostic value and superior patient experience in neurology clinics.
- Published paper in *Stroke: Vascular and Interventional Neurology (SVIN)* demonstrating the Swoop® system's enhanced stroke detection capabilities.
- Published paper in *Clinical Neuroimaging* demonstrating the significant health economic benefit of using the Swoop® system.
- Began launch activities in India market with first Swoop® system live in clinical use at All India Institute of Medical Sciences (AIIMS), New Delhi.
- Bolstered balance sheet through $15.0 million debt financing, extending the expected cash runway into 2028, and providing capital for commercial growth.

First Quarter 2026 Financial Results

- Revenues for the first quarter of 2026 were $3.90 million, increasing 83% compared to $2.14 million in the first quarter of 2025.
- Sold 10 commercial Swoop® systems in the first quarter of 2026, compared to six in the first quarter of 2025.
- Gross profit for the first quarter of 2026 was $1.98 million, compared to $0.88 million in the first quarter of 2025, representing 51% gross margin in the first quarter of 2026, compared to 41% gross margin in the first quarter of 2025.
- Research and development expenses for the first quarter of 2026 were $3.85 million, decreasing 24% compared to $5.04 million in the first quarter of 2025.
- Sales, marketing, general, and administrative expenses for the first quarter of 2026 were $6.69 million, compared to $6.75 million in the first quarter of 2025.
- Net loss for the first quarter of 2026 was $8.62 million, equating to a net loss of $0.09 per share, as compared to a net loss of $9.42 million, or a net loss of $0.12 per share, for the first quarter of 2025. The first quarter of 2026 net loss includes a $0.24 million loss from a change in the fair value of warrant liabilities, compared to a $1.62 million gain in the first quarter of 2025.

2026 Financial Guidance

- Management continues to expect revenue for the full year 2026 to be approximately $20 to $22 million, representing 55% growth at the midpoint as compared to full year 2025.
- Management continues to expect cash burn[1] for the full year 2026 to be approximately $26 to $28 million, representing a 10% decline at the midpoint as compared to full year 2025.

[1]Cash burn is calculated as change in cash and cash equivalents less net financing proceeds.

Conference Call

Hyperfine, Inc. will host a conference call at 1:30 p.m. PT/ 4:30 p.m. ET on Tuesday, May 12, 2026 to discuss its first quarter 2026 financial results and provide a business update. Those interested in listening should register online by visiting https://investors.hyperfine.io/ and clicking on News & Events. Participants are encouraged to register more than 15 minutes before the start of the call. A live and archived audio webcast will be available through the Investors page of Hyperfine, Inc.'s corporate website at https://investors.hyperfine.io/.

About Hyperfine, Inc. and the Swoop® Portable MR Imaging® Systems

Hyperfine, Inc. (Nasdaq: HYPR) is the groundbreaking health technology company that has redefined brain imaging with the Swoop® system—the first U.S. Food and Drug Administration (FDA)-cleared, portable, ultra-low-field, magnetic resonance brain imaging system capable of providing imaging at multiple points of professional care. The mission of Hyperfine, Inc. is to revolutionize patient care globally through transformational, accessible, clinically relevant diagnostic imaging. Founded by Dr. Jonathan Rothberg in a technology-based incubator called 4Catalyzer, Hyperfine, Inc. scientists, engineers, and physicists developed the Swoop® system out of a passion for redefining brain imaging methodology and how clinicians can apply accessible diagnostic imaging to patient care. For more information, visit hyperfine.io.

The Swoop® Portable MR Imaging® systems are FDA cleared for brain imaging of patients of all ages. They are portable, ultra-low-field magnetic resonance imaging devices for producing images that display the internal structure of the head where full diagnostic examination is not clinically practical. When interpreted by a trained physician, these images provide information that can be useful in determining a diagnosis. The Swoop® system also has CE Mark in the European Union and UKCA Mark in the United Kingdom. The Swoop® system is commercially available in a select number of international markets.

Forward-Looking Statements

This press release includes “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. Actual results of Hyperfine, Inc. (the “Company”) may differ from its expectations, estimates and projections and consequently, you should not rely on these forward-looking statements as predictions of future events. Words such as “expect,” “estimate,” “project,” “budget,” “forecast,” “anticipate,” “intend,” “plan,” “may,” “will,” “could,” “should,” “believes,” “predicts,” “potential,” “continue,” and similar expressions (or the negative versions of such words or expressions) are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, expectations about the Company’s financial and operating results, including, the Company’s expected revenue and cash burn for the full year 2026, the Company's cash runway, the Company’s goals and commercial plans, including the Company’s commercial rollout of the Company’s Optive AI™ software and next generation Swoop® system, the acceleration of the adoption of the Swoop® system across multiple sites of care in the hospital, neurology office and international markets, the benefits of the Company’s products and services, progress on improvements and advancements in the Company’s products and services, and the Company’s future performance, including its financial performance, and its ability to implement its strategy. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results. Most of these factors are outside of the Company’s control and are difficult to predict. Factors that may cause such differences include, but are not limited to: the success, cost and timing of the Company’s product development and commercialization activities, including the degree that the Swoop® system is accepted and used by healthcare professionals; the Company’s ability to grow and manage growth profitably and retain its key employees; changes in applicable laws or regulations; the ability of the Company to raise financing in the future; the ability of the Company to obtain and maintain regulatory clearance or approval for its products, and any related restrictions and limitations of any cleared or approved product; the ability of the Company to identify, in-license or acquire additional technology; the ability of the Company to maintain its existing or future license, manufacturing, supply and distribution agreements and to obtain adequate supply of its products; existing and potential future National Institutes of Health funding pressures; existing and potential future effects from U.S. export controls and tariffs; the ability of the Company to compete with other companies currently marketing or engaged in the development of products and services that the Company is currently marketing or developing; the size and growth potential of the markets for the Company’s products and services, and its ability to serve those markets, either alone or in partnership with others; the pricing of the Company’s products and services and reimbursement for medical procedures conducted using the Company’s products and services; the Company’s ability to successfully complete and generate positive data from the PRIME study, ACTION PMR study, Contrast PMR study, CARE PMR study and NEURO PMR study; the Company’s ability to generate clinical evidence of the benefits of the Company’s products and services and to progress on product advancements and improvements; the Company’s estimates regarding expenses, revenue, capital requirements and needs for additional financing; the Company’s financial performance; and other risks and uncertainties indicated from time to time in the Company’s filings with the Securities and Exchange Commission, including those under “Risk Factors” therein. The Company cautions readers that the foregoing list of factors is not exclusive and that readers should not place undue reliance upon any forward-looking statements which speak only as of the date made. The Company does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions or circumstances on which any such statement is based.
